

HERITAGE PRIVATE SCHOOL

HERITAGE PRIVATE SCHOOL

PROSPECTUS 2020

WELCOME TO HERITAGE PRIVATE

HERITAGE PRIVATE SCHOOL

We really care about your child. We are the first private school in Namibia to integrate success philosophy in our school curriculum. We want your child to ultimately become successful in LIFE and that is why we will provide the essential ingredients to get where they need to be.

Apart from basic education and to help them pass with great results, we also go the extra mile to educate them on essential life skills. These include social skills, personal development and positive proactive psychology.

Learn more....

WHY HERITAGE PRIVATE?

Over the years, we have seen the need to incorporate relevant practical education due to the fact that most statistics in Namibia are becoming more and more unfavorable for our youth today. More than 30% of students from all backgrounds drop out of university and colleges within the first year alone. There is over 48% youth unemployment and more than 85% of those who are employed are not satisfied with their occupations and their salaries.

We want to avoid this trap by exposing your child to the philosophies and ideas of successful people, authors and entrepreneurs. Instead of your child ending up a mere statistic, or at best: 'Average in life despite having good grades', we want to push your child towards more awareness and abundance. This is why we have dedicated ourselves to provide the ideas and information necessary for practical results. The sooner we cultivate the essential success philosophy while they are still young, the better. If you believe that this will ultimately serve you and your child for the best, then let us embark on this remarkable educational journey together. Learn more...

OUR UNIQUE APPROACH:

If we keep doing what we're doing, we're going to keep getting what we're getting. - *Stephen Covey*

The current educational system unfortunately only prepares the average Namibian child to be AVERAGE at best. We are certain that this is not the objective of parents who invest large sums of money enrolling their children into private schools and academic institutions. This is why we saw the drastic need for change in our implementation strategy.

We aim to distinguish ourselves from other institutions by going the extra mile for your child. We are willing to do what it takes to impart knowledge that will serve them decades later for the best. This is why our current approach is modern, practical and unique. Some of our distinguished implementations include:

POSITIVE PSYCHOLOGY

It all starts in the mind. A strong positive psychology will help your child excel in all aspects of life. This is what we constantly implement in our institution.

SUCCESS LITERATURE

We strongly believe in implementing SUCCESS LITERATURE as part of our reading program. We want your child to learn from successful people in order to emulate that success for themselves.

GLOBAL THINKING

We offer FRENCH as a second language. This is to instil a global outlook towards life and to impart a culture of tolerance, curiosity and exposure.

FREE ONLINE RESOURCES

We offer FREE online materials such as E-books, Videos and digital resources to make the learning process easier, faster and convenient to the current times.

SOCIAL INTELLIGENCE

Social skills and Communication skills are essential for success in various aspects of modern life. We want your child to significantly improve in these critical skills and implement them on a daily basis.

THE WINNING ATTITUDE

The WINNING ATTITUDE comes as the basis of our values. We believe that SUCCESS is your child's duty. We aim for your child to achieve amazing HEALTH, WEALTH and RELATIONSHIPS.

OUR CURRICULUM:

BOUTIQUE LEARNING

As a small boutique school we can only accommodate 20 learners per class. This ensures more attention on your child's progress.

SPORTS & CHESS

Physical education and recreation is equally important to your child's development. We implement extra mural activities such as swimming, athletics, soccer, netball and chess

FREE EXTRA LESSONS

If your child needs extra help and attention we have free extra lessons available in order to make sure they pass all their subjects.

EVENTS, DRAMA & MUSIC

We host annual events, shows and performances to encourage the creative and entertaining aspects of our learners. They also get to learn how to play musical instruments.

ARTS & CRAFTS

We encourage creativity in all forms including painting, drawing and crafts. Other creative elements include graphic design and photography.

ENTREPRENEURSHIP

We conduct annual entrepreneurship days as well as fund raising activities to encourage our learners to practically apply what they learn in the classroom and implement in the real economic world.

OUR FEES STRUCTURE

Enroll 2
or more
kids and
get a
20%
Discount
on all of
them.

Compared to other more established Namibian private institutions , we are the more affordable option, yet at the same time our PRACTICAL VALUE and LONG TERM BENEFITS are what make us the current leading private institution in Namibia.

We offer high quality education for ALL GRADES starting from Grades 0 - 12. We also offer Part-Time and Distance Grade 12 for those who wish to improve up to 4 Subjects . We currently follow the NSSC curriculum for external examinations and we are officially registered and recognised by the Ministry of Education.

Also take advantage of our EXCLUSIVE DISCOUNT of 20% if you enroll 2 or more children at our institution.

SUCCESS LITERATURE

Over the years we have seen the need for success literature and positive psychology as a necessary ingredient for positive learning and development. Learning success from other successful people is the fastest and most practical way to ensure success for your child in the near future. Our selected literature inspires practical steps to acquire the best WEALTH, HEALTH & RELATIONSHIPS by learning from experts that have managed to achieve all 3 for themselves . Selected literature is available on our website for download FOR FREE. Visit www.heritageprivate.com/success

We also encourage our parents to benefit from this initiative by applying these Success Principles in their lives and careers as well.
